The Company will review marketing material, and when appropriate, suggest changes to the Choice Supplier, but such suggested changes, if any, shall not be considered compulsory. The Company agrees to treat any material submitted for review by Choice Supplier as confidential, and Company suggestions for modifications shall be made within five (5) business days of Choice Supplier submission. For material modifications to previously reviewed material, the Company reserves the right to suggest that the Choice Supplier make modifications only if the Company can demonstrate good cause for the proposed modifications, and such modifications shall not be considered compulsory. In no event shall Company be liable to Choice Supplier for any claims, losses, damages or expenses arising out of any modifications suggested or made by Company, and Choice Supplier

Each Monthly Marketing Report shall, at a minimum, identify the type of marketing media to be employed during the subsequent calendar month (i.e.: direct mail, telephonic, e-mail, door-to-door), that identifies the specific geographic area where any door-to-door marketing is to take place during that month, and that identifies the specific outbound telephone numbers to be used by Supplier for telephonic marketing during that month. Any Marketing Plan submitted to Company shall be treated as commercially sensitive and confidential, and shall not be disclosed by Company to any third party or affiliate, consistent with the provisions of the Standard Non-Disclosure Agreement attached hereto as Attachment K.

12. Financial and Creditworthiness Requirements.

Company has the right to establish, and from time to time re-evaluate and modify, reasonable creditworthiness requirements and standards as a condition for receiving service under Rate Schedule SAS. Accordingly, as a condition to qualify for service under this Agreement and Rate Schedule SAS, Choice Supplier agrees to meet the financial and creditworthiness standards, and collateral requirements set forth in Rate Schedule SAS, "Supplier Performance Requirements" and in Attachment F, a copy of which is attached hereto and incorporated herein by reference.

Unless Company's credit evaluation with respect to Choice Supplier indicates that a higher amount is required, Company's collateral requirement for Choice Supplier shall be based upon a seasonal collateral equal to five average days of January delivery for the Winter Period (November through April) and five average days of April delivery for the Summer Period, (May through October). The collateral amount for the Winter Period will be determined by multiplying the total volume for five average days as specified above times the closing NYMEX price for the March contract on the last business day of September in the preceding year. The collateral amount for the Summer Period will be determined by multiplying the total volume for five average days as specified above times the closing NYMEX price for the October contract on the last business day of February. No later than thirty (30) days prior to the commencement of each Summer Period and Winter Period, Company will notify Choice Supplier of the dollar amount of Choice Supplier's collateral requirement for such period. If the collateral requirement for such period is less than the dollar amount of collateral provided by Choice Supplier and then held by Company, Company shall return the excess collateral amount to Choice Supplier within 14 business days of receipt of Choice Supplier's written notice as to where such excess collateral should be delivered. If the collateral requirement for such period is more than the dollar amount of collateral provided by Choice Supplier and then held by Company, Choice Supplier shall within 14 business days after receipt of Company's notice deliver to

Company the amount of collateral necessary to meet the full collateral requirement for such period. In the event Company determines at any time that additional collateral is required, Company will notify Choice Supplier in writing of the additional requirement. Choice Supplier shall provide such additional collateral prior to commencement of service under this Agreement, or if service has already begun, within five (5) business days of notification. In accordance with Attachment F, Company reserves the right to conduct credit evaluations from time to time in its reasonable discretion during the course of its transportation program. Cancellation of a Letter of Credit or Parental Guarantee shall be provided by either Party by giving written notice of cancellation to the other party not less than one-hundred (120) days prior to the cancellation, at which time Choice Supplier will be required to provide collateral at least 90 days prior to the cancellation of the existing collateral. In the case of a cash payment as collateral, simple interest thereon at the rate established by the IURC as applicable to customer deposits under 170 IAC shall be paid by the Company for the time such deposit is held by the Company.

Every new Choice Supplier must provide minimum credit assurance in the amount of not less than \$100,000. Company, in its sole discretion, may determine the type and amount of acceptable collateral required for each new Choice Supplier.

In the event that this Agreement is terminated for any reason, Choice Supplier shall continue its obligation to maintain its form of collateral until such time as it has satisfied all of the outstanding claims of Company against Choice Supplier under this Agreement and Rate Schedule SAS and fully performed all contractual and statutory obligations to Customers.

13. Choice Supplier Non-Compliance - Remedies.

a. Termination of Agreement.

Company may terminate this Agreement in the manner specified below upon the occurrence of any of the following events:

- (i) immediately, upon written notice to Choice Supplier, in the event that Choice Supplier either (a) fails to provide the collateral or additional collateral required to be delivered within 14 business days of Company's notice pursuant to Section 12 hereof or (b) fails to make any payment of money to Company when due under this Agreement and such failure is not cured within 3 business days after written notice of such failure is delivered to Choice Supplier;
- (ii) immediately, upon written notice to Choice Supplier, in the event that Company determines, in its reasonable discretion, that Choice Supplier's non-compliance with the requirements of this Agreement is jeopardizing the operational integrity of the Company's distribution system in whole or in part or Choice Supplier fails to make appropriate gas supply deliveries;
- (iii) upon five (5) days written notice to Choice Supplier, in the event that Company determines, in its reasonable discretion, that Choice Supplier has failed to comply with the Supplier Code of Conduct; or

- (iv) upon ten (10) days prior written notice to Choice Supplier, in the event that Company determines, in its reasonable discretion, that Choice Supplier has failed to comply with or perform any other requirement or obligation under this Agreement not described in subparagraph (i), (ii) or (iii) above and such failure is not cured within such ten-day period.

End use Customers affected by termination of Choice Supplier pursuant to this Section 13 will revert to the Company's applicable sales service.

b. Suspension of Customer Confirmation and Nullification of Customer Contract

The Company reserves the right to immediately suspend its confirmation of Customer enrollments submitted by Choice Supplier in the following circumstances:

- (i) A failure by Choice Supplier to maintain creditworthiness required by Section 12 of this Agreement, provided the Choice Supplier fails to correct any deficiency within three (3) business days following written notice by the Company.
- (ii) A failure by Choice Supplier to acknowledge and exercise reasonable efforts to respond to a written information request from Company within four (4) business days such information is requested or, in the alternative, upon reasonable grounds to request an extension of time to respond to such information request.
- (iii) A failure by Choice Supplier to comply with any terms of this Agreement, applicable provisions of NIPSCO's Gas Service Tariff, or with any requirement of the Code of Conduct, provided the Choice Supplier fails to cure any such non-compliance within five (5) business days following written notice by the Company.

Choice Supplier's violation of subparagraph (i), (ii) or (iii) may lead to the nullification of all pending Customer enrollments. Before initiating any suspension of enrollment confirmation, the Company shall provide Choice Supplier written notice of the suspension and shall identify the reason(s) under this Section for doing so. While a suspension is in effect, Choice Supplier may continue to solicit new Customers and submit new enrollments to the Company, but the Company will not confirm new enrollments until the suspension is lifted. Confirmation of new Customer enrollments will take place immediately upon satisfactory resolution of the problem(s) that gave rise to the suspension. If Choice Supplier does not resolve the problem(s) alleged in the notice of suspension to Company's satisfaction in its sole discretion within ten (10) days of the receipt of the notice, the Choice Supplier agrees that the Company may nullify the enrollment of each Customer whose enrollment has been suspended and shall provide notification to each such Customer and to the Choice Supplier that the Customer may choose another Choice Supplier or remain on Company's sales service without penalty.

c. Recurring Non-Compliance or Fraudulent, Deceptive, or Abusive Practices.

Without limiting Company's right to exercise its reasonable discretion under this Section 13, recurring fraudulent, deceptive, or abusive practices by Choice Supplier shall be considered cause for termination pursuant to Section 13(a)(ii) of this Agreement or for suspension of enrollment and/or nullification of customer contract pursuant to Section 13(b)(iii) of this Agreement. For purposes of this section "fraudulent, deceptive, or abusive practices" shall have the meaning defined in Paragraph 5 of the Supplier Code of Conduct.

- (i) Two (2) or more discrete, unrelated and independent events of a fraudulent, deceptive or abusive practice or other violations of terms or conditions of this Agreement, including any attachments thereto within any twelve (12) month period shall constitute grounds for suspension of enrollment and/or nullification of contract(s) pursuant to Section 13(b)(iii) of this Agreement for a period of thirty (30) days; and
- (ii) Five (5) or more discrete, unrelated and independent events of a fraudulent, deceptive or abusive practice or other violations of terms or conditions of this Agreement, including any attachments thereto within any two-year period or two suspensions under this section at any time shall constitute grounds for termination pursuant to Section 13(a)(iv) of this Agreement.
- (iii) A demonstrated pattern of Administrative Violations. For purposes of this Agreement, the term "Administrative Violation" means a violation of this Agreement and/or of the Company's approved tariff that (a) does not constitute "fraudulent, deceptive, or abusive practices" as defined in Paragraph 5 of the Supplier Code of Conduct, (b) concerns the provision of or failure to provide information, document(s), or other data to the Company by the Supplier, and (c) does not arise from the direct interaction between Supplier and customers. Examples of Administrative Violations include, but are not limited to, the failure to timely submit a Monthly Marketing Plan pursuant to Section 11.b. of this Agreement, or failure to timely provide updated pricing information required by this Agreement.

In order to constitute an event of a fraudulent, deceptive or abusive practice for purposes of this Section, the determination must be reached with finality following the procedure specified in Section 13(e). Relevant evidence of such events includes, but is not limited to, Complaints made to the Company, Complaints made to the IURC or OUCC, and/or evidence derived through independent investigation by the Company.

d. Suspension of Enrollment for Customer Ineligibility.

Choice Supplier understands and agrees that any supply agreement between Choice Supplier and a Customer is subject to the continuing satisfaction of pertinent eligibility criteria of the Choice Program by both the Customer and the Choice Supplier. Failure of either the Customer or the Choice Supplier to satisfy these criteria may negatively impact Choice Program participation as well as the Customer contract for service.

As a condition of Choice Supplier's participation in the Choice Program, Company may nullify any Customer enrollment that cannot be confirmed by Company, without penalty to the Customer or Company. A Customer enrollment may be nullified for non-confirmation only if the Customer does not qualify to participate in Company's Choice Program, or if Choice Supplier fails to satisfactorily resolve a problem described below within a ten-day period. The nullification shall take effect upon Company's mailing the described notice to the Customer whose confirmation has been suspended.

e. Administrative Review of Sanctions.

Incidents of alleged Supplier Non-Compliance will be initially forwarded to the Supplier for resolution. If the resolution offered by the Supplier is not sufficient in Company's good faith judgment, the Company will investigate the facts underlying the allegation to determine whether the Supplier has (a) engaged in any fraudulent, deceptive, or abusive acts within the meaning of Paragraph 5 of the Supplier Code of Conduct, (b) engaged in any demonstrated pattern of Administrative Violations, or (c) violated other terms or conditions of this Agreement, including any attachments thereto. In the event the Company investigation involves an alleged violation sufficient to warrant the imposition of sanctions as described in Section 13.c, the Company shall, before making a determination, provide the Supplier with written notice and an opportunity to provide information, evidence, explanation or other response. Such response shall be provided to the Company within three (3) business days.

If after investigating the facts involved in an allegation of Supplier Non-Compliance the Company determines that Supplier has engaged in a fraudulent, deceptive or abusive practice, engaged in a demonstrated pattern of Administrative Violations, and/or violated other terms and conditions of this Agreement, the Company shall provide the Supplier with a written summary of the incident and the reasons why the Company believes the Supplier's actions were in violation of the terms and conditions of this Agreement, and the sanction to be imposed.

Choice Supplier may seek appropriate relief from any determination or sanction imposed under Section 13 of this Agreement from the IURC within ten (10) business days of the determination or imposition of such sanction, and failure to pursue such relief within that time shall constitute a waiver of any such right with respect to the determination or sanction imposed and to any other claim related to the determination made or the sanction imposed. The written appeal should be simultaneously sent to the IURC, the OUCC and NIPSCO. In the event of an appeal to the IURC, any determination made will not be final and no sanction will be imposed until the IURC rules on such appeal.

f. Non- Exclusive Remedies

Remedies identified in Sections 13 (a) and (b) are not Company's exclusive remedy for Choice Supplier's breach of this Agreement, and Company shall retain all rights and remedies available to it hereunder, at law or in equity, including, but not limited to, Company's right, without any additional notice to

Choice Supplier, to liquidate in whole or in part Choice Supplier's collateral held by Company as security under this Agreement and to apply any proceeds thereof to costs incurred by Company as a result of Company's termination of this Agreement, and in the event Company's damages exceed such proceeds, to pursue recovery of such excess amounts from Choice Supplier.

14. Choice Supplier Charges

The Choice Supplier charges are shown in Attachment G, a copy of which is attached hereto and incorporated herein by reference.

15. Billing and Collection Options.

Choice Supplier may bill its own supply charges to its Customers.

All such bills rendered by Choice Supplier shall include the following statement: "In case of an emergency, such as odor of gas, carbon monoxide or fire; From a safe place, away from the building or area, call 911 and NIPSCO at 1-800-634-3524."

Choice Supplier may also elect to have Company invoice Choice Supplier's supply charges by executing Attachment H, a copy of which is attached hereto and incorporated herein by reference. Company agrees to include with its monthly invoices to Customers gas supply charges provided by Choice Supplier for that month and to remit to Choice Supplier the funds paid by its Customers with respect to those amounts.

Choice Supplier agrees to comply with Company's procedures for inputting supply pricing information and for providing updated Customers lists.

In the event a Customer's payment is not sufficient to cover all charges included on Company's invoice, the payment will first be applied to the amounts owed to Company, including, but not limited to, service charges and taxes outstanding for any service provided to the Customer for prior service periods, and the remainder will be applied to the amounts owed to Choice Supplier unless Choice Supplier has entered into an Accounts Receivable Purchase Agreement, a copy of which is attached hereto as Attachment I and incorporated herein by reference, with the Company.

Company shall remit amounts paid in respect of Choice Supplier charges in accordance with the terms and conditions of the Accounts Receivable Purchasing Agreement separately executed between Company and Choice Supplier.

16. Monthly Usage Reconciliation and Payments:

Company will reconcile on a monthly basis any difference between city gate nominated volumes, adjusted for on-system line loss, and the actual usage of Choice Supplier's aggregate pool in that month.

Choice Supplier agrees to pay all applicable charges set forth in Rate Schedule SAS and the General Rules and Regulations Applicable to Gas Service. Company will bill Choice Supplier for all charges incurred under Rate Schedule SAS on a monthly basis, including any late payments from prior periods. Payment shall be due to the Company within 17 days of the billing date. Failure to make timely payment will result in late payment charges, as specified in Rate Schedule SAS, and may result in termination of this Agreement by the Company.

Company may apply Choice Supplier's Cash Deposit, Letter of Credit, or Parental Guarantee to any bills that are left unpaid beginning on the thirty-first day after the billing date.

Failure of Customers to pay Choice Supplier shall not excuse Choice Supplier's obligations to the Company under this Agreement.

17. Dispute Resolution

Without intending to limit the right of either Party to seek recovery in a court of competent jurisdiction for losses or damages as a result of breach of this Agreement by the other Party, in the event of a dispute between Choice Supplier and the Company concerning any provision of this Agreement or the Attachments hereto (other than Attachment I – Accounts Receivable Purchase Agreement), either Party may file a formal complaint with the IURC seeking resolution of the dispute, and both Parties to this Agreement consent to the jurisdiction of the IURC over the Parties and the subject matter of the dispute for the purpose of such resolution. Nothing in this Section 17 shall be deemed as a limitation of any remedial right conferred upon the Company or Choice Supplier under this Agreement until such time as any complaint initiated pursuant to this Section has been adjudicated to completion.

18. Agents and Contractors.

Choice Supplier shall be responsible for performance of its duties and obligations under this Agreement, whether or not such duties and obligations are performed by Choice Supplier, its agent(s), assign(s) partial assigns and/or contractor(s).

19. Limitation of Third Party Rights.

This Agreement is entered into solely for the benefit of Company and Choice Supplier and is not intended and should not be deemed to vest any rights, privileges or interests of any kind or nature to any third party, including, but not limited to the Customers or Customer groups that Choice Supplier establishes under this Agreement.

20. Indemnification.

Choice Supplier agrees to indemnify and hold harmless Company from any loss, damage, or expense arising out of or in any way connected with the claims, suits or proceedings filed or threatened by any Customers on whose behalf Choice Supplier is aggregating gas supply for failure of Company to provide service if such failure is the result of gas volumes nominated by Choice Supplier failing to be delivered to Company or the failure of Choice Supplier to timely make payment to Company pursuant to this Agreement and Rate Schedule SAS. Company shall have the right to participate in any such claim, suit or proceeding through counsel of its own choosing.

21. Terminations and Bankruptcy.

Company may terminate this Agreement pursuant to Section 13 or in the event that Choice Supplier (i) has filed against it an order for relief under the Federal Bankruptcy Code, Title 11, United States Code, Sections 1 et seq., (ii) fails to pay, or admits in writing its inability to pay, its debts generally as they become due, (iii) makes an assignment for the benefit of creditors, (iv) applies for, seeks, consents to, or acquiesces in the appointment of a receiver, custodian, trustee, examiner, liquidator or similar official for it or any substantial part of its property, or (v) institutes any proceeding seeking to adjudicate it bankrupt or insolvent, or seeking dissolution, winding up, liquidation, reorganization, arrangement, adjustment or composition of it or its debts under any law relating to bankruptcy, insolvency or reorganization or relief of debtors, or fails to file an answer or other pleading denying the material allegations of any such proceeding filed against it. In the event of any such termination by Company, Choice Supplier shall be liable to Company for any and all costs associated with such termination, including, but not limited to, expenses and attorneys' fees incurred by the Company as a result of such termination. Payment by Choice Supplier of all such costs, expenses and attorney's fees will be a condition of re-establishing service under Rate Schedule SAS.

22. Limitation of Liability.

Choice Supplier shall have responsibility for and assumes all liability with respect to Choice Supplier-owned gas prior to delivery to the Company under this Agreement. Choice Supplier agrees to pay or cause to be paid all royalties, taxes and other sums due on production and transportation of the natural gas prior to its delivery to the Company. Choice Supplier agrees to indemnify the Company and save it harmless from all suits, actions, debts, accounts, damages, costs, losses, liabilities (including reasonable attorney's fees) and expenses arising from or out of claims of title, personal injury or property damage from any and all entities or persons to said Choice Supplier-owned gas to be delivered to the Company. The Company shall have the

responsibility for and assumes all liability with respect to Choice Supplier-owned gas after the natural gas is delivered to the Company's receipt point but prior to delivery to the Customer. Neither Party shall be liable for incidental or consequential damages.

23. Assignment.

This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the respective parties hereto. However, no assignment of this Agreement by Choice Supplier may be made without the prior written consent of Company, which consent shall not be unreasonably withheld.

24. Applicable Law and Regulation.

This Agreement shall be construed under the laws of the State of Indiana, other than any conflicts of law or choice of law rules that would direct the application of the laws of another jurisdiction. The Company's compliance with any validly issued order, rule, regulation or policy statement of the IURC, or of any federal, state or local government authority, whether issued before or after the effective date of this Agreement, shall relieve the Company of liability for failure to perform any of its obligations hereunder as a result of such compliance.

25. Notices and Correspondence.

Written notice and correspondence to the Company and Customer shall be provided as set out in Attachment J, a copy of which is attached hereto and incorporated herein by reference. Either Party may change its address for receiving notices effective upon receipt, by written notice to the other Party.

IN WITNESS HEREOF, the Parties hereto have executed this Agreement effective as of the day and year first above written.

Attachment B Supplier Aggregation Service Agreement

Operational Parameters and Allocation of Capacity and Resources

Determining the Peak Day:

The allocation of upstream assets for each gas year of the Supplier Aggregation Service Agreement (“SAS Agreement”) and every year thereafter will be based on the preceding gas year’s actual winter peak day. Peak day is defined as the day that has the greatest combined system send out, inclusive of sales and transport. For purposes of the Choice Program, “Peak Day” will be determined between December 1st of the previous year and January 31st of the current year, to be used for asset allocations beginning April 1st of that same year.

Determining Pool Percentages:

Each Choice Supplier’s pool percentage is determined by taking the current existing customers’ peak day usage in the Choice Supplier’s Zone A, B, and E, pools respectively, and calculating the percent of usage to NIPSCO’s peak day. These percentages are used to calculate the Choice Suppliers’ “Slice of the System.” On-system and off-system assets are allocated as described below:

- Choice Supplier’s Zone A pool % of Zone A peak will be used to allocate transportation and storage assets in Zone A.
- Choice Supplier’s Zone A pool % of Total System will be used to allocate on- system assets.
- Choice Supplier’s Zone B pool % of Zone B peak will be used to allocate transportation and storage assets in Zone B
- Choice Supplier’s Zone B pool % of Total System will be used to allocate on- system assets.
- Choice Supplier’s Zone E pool % of Zone E peak will be used to allocate transportation assets in Zone E.
- Choice Supplier’s Zone E pool % of Total System will be used to allocate on- system assets.

On-system Asset Allocation

Each Choice Supplier will be assigned an on-system bank capacity in each Zone A, Zone B, and Zone E at no additional cost.

On-system bank asset equals:

Maximum Storage Quantity (MSQ) = 4,000,000 DTH
Maximum Daily Injection Quantity (MDIQ) = 60,000 DTH
Maximum Daily Withdrawal Quantity (MDWQ) = 72,000 DTH

Each Choice Supplier's on-system MSQ, MDIQ, and MDWQ will be determined by multiplying the Choice Supplier's zonal percentage of the total system times the total on-system MSQ, MDIQ, and MDWQ.

Choice Suppliers shall have the right to nominate gas into and out of the bank in each zone on a day ahead basis as follows:

Period	% of MDWQ	% of MDIQ
November 1 – November 30	50%	100%
December 1 – February 28	100%	25%
March 1 – March 31	75%	25%
April 1 – April 30	50%	50%
May 1 – June 30	10%	50%
July 1 – July 31	10%	75%
August 1 – September 30	10%	100%
October 1 – October 31	50%	100%

- Inventory Transfers for NIPSCO's on-system bank will be required if:
 - a Choice Supplier's physical inventory exceeds their contractual storage capacity, or
 - a Choice Supplier's physical inventory does not meet the minimum storage requirement set by NIPSCO as illustrated in the table below.

COB Date	Min. Storage Level	As Reported in EAO
October 31st	95% of MSQ	November 1st
December 31st	50% of MSQ	January 1st
March 31st	0% of MSQ	April 1st
July 31st	50% of MSQ	August 1st

- On-system bank inventory transfer options:
 - NIPSCO
 - Any Choice Supplier
 - Non Choice Suppliers/Other Third Parties are not eligible to participate

If a Choice Supplier has excess on-system storage bank inventory due to a reallocation of assets, the Choice Supplier can choose to sell to another Choice Supplier participating in NIPSCO's SAS Rate Schedule or to NIPSCO. NIPSCO is willing to purchase any excess on-system storage bank inventory that is caused by a reallocation of assets. Choice Suppliers will not be able to transfer inventory between zonal banks.

Pricing of subsequent on-system bank inventory transfers, in and out, between NIPSCO and the Choice Supplier as a result of changes in pool percentages is as follows:

For Zone A:

- Transfers from the Choice Supplier to NIPSCO will be priced at the lesser of :
 - The lowest “Gas Daily” daily Chicago City Gate price or
 - FOM Chicago City Gate price for the month of the transfer
- Transfer from NIPSCO to the Choice Supplier will be priced at the greater of :
 - The highest “Gas Daily” daily Chicago City Gate price or
 - FOM Chicago City Gate price for the month of the transfer

For Zones B and E:

- Transfers from the Choice Supplier to NIPSCO will be priced at the lesser of :
 - The lowest “Gas Daily” daily Michcon price or
 - FOM Michcon price for the month of the transfer
- Transfer from NIPSCO to the Choice Supplier will be priced at the greater of :
 - The highest “Gas Daily” daily Michcon price or
 - FOM Michcon City Gate price for the month of the transfer

Inventory shortages not caused by reallocation of assets will result in penalties. If a Choice Supplier’s on-system bank inventory is less than the designated minimum percentage on the designated date, the Choice Supplier **MUST** purchase each dekatherm (“DTH”) of inventory below the required amount from NIPSCO to bring the Choice Supplier up to the minimum inventory level. The transfer will be priced at the greater of \$30.00 per DTH or the “Gas Daily” daily Chicago City Gate price plus \$.05 per DTH the first trading day after the Choice Supplier inventory report is due to NIPSCO.

Choice Suppliers will also be allocated zone to zone transfer capability that allows a Choice Supplier to move supply between transportation zones. The zone to zone transfer combinations and capacities are listed below:

Zone A to/from Zone B = 40,000DTH
 Zone A to/from Zone E = 2,000 DTH
 Zone B to/from Zone E = 4,000DTH

Each Choice Supplier’s zonal transfer capacity will be determined by multiplying the Choice Supplier’s combined zonal percentage times the total zone transfer capability.

Off-system Asset Allocation

Initial off-system asset allocations will be effective April 1st thru October 31st with reallocation on November 1st thru March 31st of each year. Off-system asset allocations will be reassessed on a monthly basis and only reallocated more frequently than above if the entire program changes its peak day volume by plus or minus 10%. If any one Choice Supplier changes its peak day volume by plus or minus 15%, NIPSCO will reallocate capacity for that Choice Supplier only.

Where field storage facilities do not allow capacity to be released, but do allow capacity assignments, NIPSCO will assign those assets on a seasonal basis, and more frequently if the need arises and the field storage providers agree.

Mitigation Service

In lieu of taking an assignment or allocation of assets, prior to the beginning of each gas year and no later than February 28th of each year, a Choice Supplier can choose to pay its proportional share of NIPSCO's contracted costs for those assets as a throughput fee, and not take the asset allocation or assignment. If a Choice Supplier chooses not to take its asset assignment and chooses instead to pay the cost of the assets (Upstream Asset Mitigation Service "UAMS"), the Choice Supplier also agrees to forfeit any and all rights to the assets for the election year. This pertains to the up-stream assets assignment only and not the on-system banking service or the zone to zone transfers which will still remain available. If the Choice Supplier went on a large customer recruiting campaign and gained market share, the Choice Supplier would still be ineligible to request reinstatement of their assets for the election year, although the cost for the UAMS could be revised semi-annually with the asset allocation revisions. Election of the UAMS is available on a zonal basis.

NIPSCO will separate the mitigated capacity from its system supply capacity and record in a special account all Choice Supplier mitigated capacity. If the mitigated capacity is not needed by NIPSCO for system supply requirements, it will be released to the marketplace similar to unused capacity and all proceeds will be shared 85% to customers and 15% to NIPSCO. In order to maintain parity with the Choice Supplier capacity costs, the customer's share will be placed in a special account and be designated for low-income assistance / weatherization programs.

Forecasting Options / Imbalances / Reconciliation

- Option 1—Company Nomination Option: This process determines a Choice Supplier's daily pool forecast by calculating the Choice Supplier's "pool sales factor." NIPSCO calculates the allocated usage of the current customers in the Choice Supplier's pool based on the previous year's metered usage. This usage is divided by the prior year's total system general sales usage (excluding the 8 largest users and natural gas used by utility owned generation plants for that same metered period) which results in the Choice Supplier's "pool sales factor." NIPSCO runs a total system load forecast for general sales usage (excluding the 8 largest users and natural gas used by utility owned generation plants) each day taking into account weather and type of day (weekend, holiday, etc.) This daily total system is multiplied by the "pool sales factor" to determine each individual Choice Supplier's pool nominations.

When the Choice Supplier meets the NIPSCO created nomination schedule, the reconciliation will not be subject to the Daily Imbalance Cash Out Provision ("DICOP"). The total imbalance (the difference between the nominated quantity and the usage) for the month, after any trades with other Option 1 Choice Suppliers, will be cashed-out at: the average for the month of the daily price posted in "Gas Daily" daily

Chicago City Gate Midpoint Price for Zone A, and the average for the month of the daily price posted in “Gas Daily” daily MichCon City-gate Midpoint Price for Customers in Zone B or Zone E.

- Option 2—Formula Option: Choice Suppliers electing Option 2 will determine their daily nomination quantity based on a forecasting algorithm provided by NIPSCO. The Choice Supplier may then take that formula and apply it to its own weather forecast to determine its daily pool nominations. NIPSCO will calculate a daily nomination using the actual temperature and the forecasting algorithm. The resulting daily variance will be subject to the DICOP as specified in the SAS Rate Schedule. Choice Suppliers electing this option will have the ability to trade this daily imbalance with other Choice Suppliers electing the same option and have the net imbalance be subject to the DICOP. Trading must be completed within 3 business days. Choice Suppliers electing this option will also be subject to monthly imbalance reconciliation. The monthly imbalance will be calculated by comparing NIPSCO’s daily actual after the fact demand calculations to the adjusted nominations. The total imbalance, the difference between the nominated quantity and the usage for the month, after any trades with other Choice Suppliers electing Option 2, will be cashed-out at the average for the month of the daily price posted in “Gas Daily” daily Chicago City Gate Midpoint Price for Zone A, and the average for the month of the daily price posted in “Gas Daily” daily MichCon City- gate Midpoint Price for Customers in Zone B or Zone E.
- Option 3—Choice Supplier Nomination Option: Choice Suppliers electing Option 3 will determine their own daily nomination quantity. Choice Suppliers will not be subject to a daily imbalance reconciliation but will be subject to the monthly imbalance reconciliation process. NIPSCO will calculate the monthly imbalance reconciliation. Trades must be completed within 3 business days of date of published imbalance. Any daily imbalances after trades and monthly reconciliation will be subject to DICOP. Choice Suppliers electing this option will have the ability to trade this daily imbalance with other Choice Suppliers electing the same option and have the net imbalance be subject to DICOP.

In the event a Choice Supplier elects Option 3, NIPSCO will continue to provide the same individual Choice Supplier’s daily pool nominations as provided under Options 1 and 2 on an informational basis.

- Option 4 – Base Load Option: This process determines a Choice Supplier’s daily pool forecast by calculating the Choice Supplier’s “pool sales factor.” NIPSCO calculates the allocated usage of the current customers in the Choice Supplier’s pool based on the previous year’s metered usage. This usage is divided by the prior year’s total system general sales usage (excluding the 8 largest users and natural gas used by utility owned generation plants for that same metered period) which results in the Choice Supplier’s “pool sales factor.” NIPSCO runs a total system load forecast for general sales usage (excluding the 8 largest users and natural gas used by utility owned generation plants) on or about the 20th day of the month preceding flow for each day, taking into account normal weather and type of day (weekend, holiday, etc.) These daily total system estimates are multiplied by the “pool sales factor” to determine each individual Choice

Supplier's daily pool estimate. These estimates are averaged to find the average daily pool quantity. The averages are adjusted by maximum allowable pool quantity to find Choice Supplier's base load nomination.

When the Choice Supplier meets the NIPSCO created nomination schedule, the reconciliation will not be subject to the DICOP. The total imbalance for the month, the difference between the nominated quantity and the usage after any trades with other Option 4 Choice Suppliers, will be cashed-out at the average for the month of the daily price posted in "Gas Daily" daily Chicago City Gate Midpoint Price for Zone A, and the average for the month of the daily price posted in "Gas Daily" daily MichCon City- gate Midpoint Price for Customers in Zone B or Zone E.

Any Choice Supplier electing Option 4 will not be allocated any on system storage or transfer rights and must also elect the mitigation service.

Option 4 results in the same total cost allocation as made internally to the PPS/DependaBill services.

If on any day NIPSCO plans to use Liquefied Natural Gas ("LNG") for the following day, and notifies the Choice Suppliers by 9:00 AM CST the day prior to flow of the volume it intends to gasify, the Choice Supplier will be assigned its portion of the LNG based upon the Choice Supplier Percentage times the volume planned to be gasified. The Choice Suppliers will be charged for the commodity at NIPSCO's monthly storage withdrawal WACOG. This allocated LNG supply will reduce the amount of supply each Choice Supplier must bring in to meet its target supply quantity, and will be the first gas through the meter. All Choice Suppliers' will be notified that LNG will be used and will need to account for the use of LNG in their nominations.

Imbalance Trading

The SAS Rate Schedule allows for imbalance trading between Choice Suppliers. There are two types of imbalances that can be traded:

- Daily Imbalance Cash Out Provision (DICOP) – the difference between the requested delivery and the confirmed delivered quantity nominated by the Choice Supplier; and
- Month-End Reconciliation – the difference between NIPSCO's requested delivery and the actual usage by the customers in the Choice Supplier's pool.

Imbalance trading guidelines are as follows:

- Imbalance can only be traded between Choice Suppliers and does not include trading with other Suppliers transporting on the NIPSCO system.
- Imbalances can only be traded between Choice Suppliers that have the same forecasting option
- Choice Suppliers can only trade imbalances within the same zone.
- Choice Suppliers cannot trade zonal imbalances with themselves
- All imbalance trades must bring the Choice Supplier closer to zero, without going through zero.
- There is a \$10.00 fee for each imbalance transaction that will be charged to each Choice Supplier.
- Remaining imbalances will be cashed out monthly or annually.

Pipeline Information:

- Pipeline Operating Flow Orders – The pipelines may issue must flow orders that pipeline shippers are obligated to follow. These can be found posted on the pipelines' websites.
- On-system Operational Must-Flow Orders – NIPSCO from time to time may issue flow orders requiring volumes be delivered on specific pipelines. Penalties may be assessed if the On-system Operational Must-Flow Orders are not followed
- NIPSCO may declare a Critical Day.
- NIPSCO's system reliability notices will be posted on Energy Access Online.

Annual Elections:

Each year, Choice Suppliers will make the following annual elections that will be effective the following April 1st thru March 31st of the next year:

- Choosing Capacity Assignment or Mitigation Service by Zone
- Choosing a Forecasting Option
- Choosing a Cash-out Option

NIPSCO will send out the annual election letter to be filled out and signed by the Choice Supplier, and returned to NIPSCO on or before February 28th.

If a new Choice Supplier is approved for the Choice Program after the annual February 28th election deadline, that Choice Supplier's annual elections will be defaulted to following options until the next election period:

- Asset Allocation = Upstream Asset Mitigation Service ("UMAS")
- Forecasting Option = Option 1 Company Nomination Option
- Cash-out Option = Monthly Cash-out

The Operational Parameters specified herein may be supplemented through collaborative efforts by the parties with more detailed guidelines adding such specificity to the operational aspects of participation in the SAS Rate Schedule as may be mutually acceptable to the parties, and such guidelines may be developed subsequent to Commission approval provided

that the guidelines are consistent with these Operational Parameters and do not add requirements or alter the standards or obligations or procedures specified herein.

 - d. “Customer Base” means the entire group of Customers for which the Choice Supplier is providing natural gas.
 - e. “Qualified End User Contract” means a contract between Choice Supplier and a Customer under the Supplier Aggregation Service Agreement (“SAS Agreement”) that complies with all provisions of the SAS Agreement and that also contains the following provisions: (1) a provision that states that if the Customer receives an arrears notice and does not pay the arrearage balance prior to the Customer’s next cycle billing date, then effective as of that next billing date, the Customer will be removed from the NIPSCO Choice program and returned to bundled utility service; and (2) a provision that imposes a late payment fee for any past due amount equal to 10% of the first \$3 of any unpaid balance outstanding at the next billing date, plus 3% of any unpaid balance in excess of \$3 outstanding at the next billing date.
 - f. “Related Security” means with respect to any Receivable:

The SAS Agreement is hereby incorporated by reference and made part of this Agreement.
2. Purchases. Under this Agreement, the Company agrees to purchase from the Choice Supplier, and the Choice Supplier agrees to sell and assign to the Company, the Choice

Supplier's Accounts Receivable arising from gas commodity sales to its Customers in accordance with the terms and conditions of this Agreement including the following requirements:

- a. The Company shall make purchases on a daily basis beginning on the commencement date of this Agreement (see Paragraph 3, below) and shall make purchases daily through the remainder of the term of this Agreement. Although the price for each Account Receivable coming into existence after the date hereof shall be owed by the Company to the Choice Supplier on the date such Account Receivable comes into existence, final settlement of the price between the Company and the Choice Supplier shall be effected on a monthly basis as provided in Paragraph 5 with respect to all Receivables coming into existence during the most recently completed billing cycle for each particular Customer. For illustration purposes only, if a Customer's billing cycle is the fifteenth (15th) day of Month One to the fifteenth (15th) day of Month Two, in Month Two, the Company shall pay for those Customer's Accounts Receivable that are billed in Month Two.
 - b. Irrespective of Paragraph a. above, in no case shall the Company purchase the Accounts Receivable for any Customer's indebtedness incurred prior to that Customer's enrollment with the Choice Supplier. Under no circumstance shall the Company purchase the Accounts Receivable for any Customer or Customers who did not participate in the NIPSCO Choice program for the month being purchased.
 - c. Choice Supplier warrants that it has good title to all Accounts Receivable delivered to Company hereunder, and that such Accounts Receivable will be free and clear of all liens, encumbrances, and claims whatsoever, and that it will indemnify Company, and save it harmless from all suits, actions, debts, accounts, damages, costs, losses and expenses arising from or out of a breach of such warranty.
 - d. Although it is not the intent of this Agreement to interfere with or otherwise compromise the confidential nature of any information possessed by Choice Supplier, Choice Supplier hereby agrees to provide access at reasonable times and in a reasonable manner to all books, records and other information (including, without limitation data contained in computer programs, tapes, discs, punch cards, data processing software and related property and rights) relating to such Accounts Receivable and only to the extent necessary in the event Company possesses no other reasonably comparable information and therefore needs such access to collect such Accounts Receivable.
3. Term. If any person or entity challenges Company's right to purchase Accounts Receivable or retain amounts collected from

Customers as a result of Choice Supplier's sale and assignment of the Accounts Receivable under this Agreement, or if Choice Supplier is no longer licensed to supply natural gas in Indiana or eligible to supply service on the Company's system, the Company may, at its sole discretion, terminate any further obligation to purchase Accounts Receivable under this Agreement and Company, in any such instance, may upon written notice to Choice Supplier, require Choice Supplier to immediately repurchase, in whole or in part, uncollected Accounts Receivable previously purchased and paid for by the Company hereunder, for the same amount paid by the Company. Notwithstanding the foregoing, the remainder of this Agreement shall remain in full force and effect.

4. Price. The Company shall purchase the Choice Supplier's Accounts Receivable at a one percent (1%) discount of the total amount billed by the Choice Supplier to its total Customer Base for providing natural gas supplies to the Customer Base for that month. The Company shall calculate the amount due the Choice Supplier by first adding together all of the bills for natural gas sold to Customers in the Choice Supplier's Customer Base, and then multiplying that total amount (excluding sales tax and late payment charges) by ninety-nine percent (99%). This calculation methodology shall be effective for all Accounts Receivable purchases made during the initial term as well as all subsequent terms of this Agreement.
5. Payment. Beginning with Accounts Receivable purchased from the commencement of the term of this Agreement (see Paragraph 3, above), and continuing on a monthly basis for the remainder of the term, Choice Supplier directs the Company to make payment to it for the Accounts Receivable being purchased within twenty (20) days after the last unit billed in the final billing cycle of each month. Subject to the provisions of Paragraphs 3, 8, and 10, said monthly payment shall be made to the Choice Supplier by the Company regardless of whether any particular Customer or Customers in the Choice Supplier's Customer Base pays their bill(s).
6. Sales Tax Responsibility / Indemnification. The Choice Supplier, and not the Company, is fully responsible for collecting all Indiana sales taxes and is responsible for all tax deficiencies and audits regarding the Choice Supplier's sale of the natural gas commodity to the Customers. The Choice Supplier is also responsible for collecting and maintaining Indiana sales tax exemption certificates from the Customers. The Company is not obligated to collect sales tax on behalf of Choice Supplier. If the Choice Supplier requests the Company to provide as a service the collection of sales tax and remittance to the State of Indiana of sales taxes collected, the Company agrees to do so, the Choice Supplier is responsible for informing the Company as to which Customers are / are not required to pay the sales tax. In the event the Company does collect sales taxes on behalf of the Choice Supplier, this service may be discontinued by the Company at its sole discretion upon 15 days' notice by the Company to the Choice Supplier. To the fullest extent allowed by law, Choice Supplier shall defend, indemnify, and hold the Company harmless from any and all costs, claims, damages, fines, taxes and any penalties and interest thereon, relating in any way to: (i) the Company's reliance on information or directives provided by Choice Supplier to Company, or (ii) the Company's collection or remittance or failure to collect or remit sales taxes on Choice Supplier's behalf, or (iii) the failure of Choice Supplier to satisfy its tax obligations related to the sale of natural gas. The Company is only responsible for Indiana sales tax deficiencies and audits regarding the Company's charges directly related to its distribution of the natural gas

commodity to the Customer. The obligations of Choice Supplier to defend, indemnify and hold Company harmless shall survive the termination or expiration of this Agreement.

7. Late Payment Fees. The Company shall be entitled to collect and retain from the Customers any and all late payment fees specified in the Choice Supplier's Qualified End User Contract.
8. Adjustments. The Company reserves the right to adjust the Choice Supplier's account with regard to Accounts Receivables purchases for up to two (2) years after the original billing date for any individual Customer's bill at issue for accounting or billing errors, Customer billing disputes, or any other necessary or appropriate adjustment.
9. Additional Actions. Choice Supplier agrees to provide Company with any additional documents and take any additional steps that Company may request to perfect Company's interest in the Accounts Receivable being sold and assigned to Company pursuant to this Agreement, and Choice Supplier hereby authorizes the filing of UCC-1 financing statements to perfect the Company's interest.
10. Right of Set-Off. If the Choice Supplier owes the Company any sum under this Agreement or any other arrangement whatsoever, the Company shall have the rights of recoupment and set-off, with respect to any payments for Accounts Receivable purchased, as against all amounts owed to the Company by Choice Supplier exclusive of those related to the non-delivery of gas supply for Company Customers served by Choice Supplier in compliance with the NIPSCO Choice program. In calculating the payment due the Choice Supplier under this Agreement, said amounts owed by Choice Supplier to the Company shall be deducted from the amount to be paid to the Choice Supplier (see Paragraph 4).
11. Binding Agreement. This Agreement shall be binding upon the parties hereto, their heirs, executors, administrators, successors, and assigns.

2. Obligation of the Parties.

- (a) The Receiving Party agrees that the Confidential Information is to be considered confidential and proprietary to the Disclosing Party, and the Receiving Party shall keep the same confidential, shall not use Confidential Information contrary to this Agreement and shall not disclose such Confidential Information to any party except as permitted in this Agreement.
